

INDEPENDENCE ACCIDENT INSURANCE

Accident medical expense and death and dismemberment certificate with critical illness and accident disability income riders.

Independence American Insurance Company (IAIC), a member of The IHC Group, is the underwriter of these plans. For more information about IAIC, visit www.independenceamerican.com.

Insurance available only to members of Communicating for America (CA). See page 10 of this brochure to learn more about CA.

Independence Accident Insurance

Supplemental health insurance is often purchased by individuals with a major medical health insurance plan, which you might obtain through your employer or purchase on your own. Supplemental Health Benefits can help with out-of-pocket costs like deductibles, coinsurance and copays. Supplemental health insurance can also help pay for personal or daily living expenses such as rent, childcare or utility bills in the event you experience a covered accident or critical illness. Plan designs are available without the Critical Illness and Accident Disability Income riders.

What are the key features of Independence Accident Insurance?

- » Cash benefits are paid directly to you, to use as you see fit
- » Use any doctor or hospital – you receive the same set benefit no matter which healthcare provider you choose
- » No deductible, coinsurance or copays
- » Covered benefits are paid in addition to benefits you may receive from any other insurance policies
- » Guaranteed issue – no medical underwriting
- » All policies include \$25,000 in accidental death and dismemberment benefits

Why Independence Accident Insurance?

- 1 Flexible options to help fit you and your family's needs** – up to seven policy designs available with varying benefit options and price points.
- 2 Supplement any health insurance plan including an employer-paid major medical** – even the best health insurance may leave you with deductible and out-of-pocket costs to meet. Independence Accident Insurance can provide additional support to cover those expenses.
- 3 Protect your way of life** – being diagnosed with a critical illness or experiencing an accident may cause you to be unable to work. Lump-sum benefits are available to use how you wish for a qualifying injury or diagnosis.
- 4 Peace of mind** – nobody can truly plan for a critical illness or accident, but they are more common than we would like to think. Prepare for the unexpected with Independence Accident Insurance.

Accident Disability Income (ADI)

Total Disability or Totally Disabled

The primary insured, as a result of an accident occurring while this rider is in force, is not able to engage in any employment or occupation for which he or she is or becomes qualified by reason of education, training or experience and is in fact not engaged in any occupation for wage or profit. Total disability must be certified by and require the regular care of a doctor. The primary insured must be gainfully employed at the time of the accident to be eligible for payment.

Who is eligible for Independence Accident Insurance?

Independence Accident Insurance coverage is available to the primary insured age 18 through 64, their spouse age 18 to 64, and dependent children under the age of 26. Coverage is guaranteed renewable until the primary insured reaches age 70. The Accident Disability Income benefit is only available to the primary insured.

Coverage Options

All benefits listed apply per covered person. The premiums will vary with the amount of the benefit selected.

How Benefits are Paid (continued)

Accidental Disability Income

1. Does not provide coverage for illness or sickness
2. Benefits will cease on the date in which the primary insured is no longer totally disabled
3. Benefits provided by this rider will only be paid for one disability at a time, even if the primary insured becomes totally disabled due to more than one injury or more than one covered accident

Maximum Benefit Period

The maximum number of months (three months) for which benefits will be paid for any one period of total disability.

Elimination Period

A period following the primary insured's disability during which no benefits are eligible to be paid (eight days). Each total disability has its own elimination period.

Critical Illness Benefit

1. Benefits will be paid if the insured has the first occurrence of a critical illness. Definition may vary by state.
2. Benefits will not be paid more than once for the same critical illness.
3. Benefits are payable for additional critical illnesses up to the lifetime maximum benefit as long as 180 days has elapsed between the first critical illness and the additional critical illness.
4. Once 100% of the lifetime maximum benefit amount has been paid for that covered person, coverage for that insured person terminates and no further benefits are payable for that covered person.

Pre-Existing Condition Limitation

Benefits are not payable for a condition for which medical advice, diagnosis, care, or treatment was recommended by or received from a physician within 12 months prior to the effective date; or which manifested itself within 12 months prior to the effective date in a manner that would have caused a reasonably prudent person to seek diagnosis, care or treatment by a physician. This time period may vary by state.

Reduction of Benefits

The amount payable for a critical illness will be reduced by 50% if the insured is age 65 or older on the date the benefit becomes payable. There is also a benefit reduction if life-threatening cancer is diagnosed within the first 31-90 days.

Waiting Period

Eligibility for critical illness benefits begins 30 days after the effective date of coverage. This time period may vary by state.
